

Dear Jeffco Teachers,

We have come together as a team of five to lead the effort to a win for Jeffco. We volunteered to do this because we are all parents in Jeffco, and we know how important teachers are. We want you - Jeffco's educators - to want to stay in Jeffco, to feel valued in Jeffco, and to work in high quality learning environments throughout Jeffco. We want you to know we are fighting hard for you and all 86,000 Jeffco students.

We also realize you are our strongest ambassadors. We have heard many times how effective it is when a teacher tells the story of the needs in our district, and we appreciate each and every one of you who has already knocked on countless doors, talked to strangers in the grocery line, shared the facts with your neighbors, and continually set an example in your classrooms that makes Jeffco voters want to invest in our students and our schools.

Ballots are beginning to mail, and as we enter the final stretch, we want to make sure you know about the many resources our campaign has created to help everyone share key information.

- The [Learn More](#) section of the [We Are Jeffco](#) website has information about the [mill levy override](#), the [bond](#), the [ballot language](#), the eternal [question about marijuana money](#) fixing education funding, how Jeffco compares when it comes to [teacher salaries](#), [how money will be spent at each individual school](#), and the [Jeffco Schools 6-year capital improvement plan](#). We have also [broken down the bond by articulation area](#), and will continue to add to this section.
- In addition, [here is an in-depth set of questions and answers](#) that can help clear up misconceptions and misinformation.

If you think we need additional talking points or tools, please let us know. We are grateful for your expertise and hope we have earned your confidence. If you haven't already, [please endorse the campaign](#), and ask your colleagues, neighbors and families to do the same. Thank you to so many who have already taken this step!

We all can play a role in getting the mill and bond across the finish line. Again, walking, knocking on doors and talking to voters makes a significant difference. If you have the

time, [please sign up to walk](#). We greatly appreciate so many who have already walked. If you live in Jeffco, [here is where you can pick up yard signs](#) to show your support for 5A and 5B. We would be grateful for any donations to subsidize the cost of these materials, but want everyone who has a visible location to feel welcome to take and display a sign. We also have additional [materials](#), including a [printable flyer](#), [window sign](#) (you are allowed to display these in your car even when parked at school or on other district property), [half page information sheet](#), and more detailed [full-page information sheet](#).

We also want you to know that even the smallest donation can make a difference for this effort. Because there are so many important issues and worthy people are on the ballot, we have faced more competition for dollars. Please tell everyone you know that we are grateful for all who [donate online](#) or by mailing a check, payable to We Are Jeffco to:

We Are Jeffco c/o Stu Wright
First Bank, 550 S. Wadsworth Blvd.
Lakewood, CO 80226.

A donation form is also attached. Again, thank you for your generosity and your help spreading the word.

Jeffco educators daily make a difference for Jeffco students, Jeffco schools and the Jeffco community. This campaign cycle is no different. If we can help you in any way, we want to hear from you. Thank you for sharing the message, setting the example and valuing our students.

We value you!
